### **WELCOME**

#### Messages from University of Miami leaders to the families of our students:

On behalf of the faculty, staff, and current students, I am pleased to welcome you to the University of Miami family.

We will soon embark, together, upon an exciting and transformational journey at the U. This Family Guide will help to acquaint you with services and resources available in academics, campus life, and wellness. Our students' well-being is always our top priority. You can be confident in our ability to support our students' intellectual development and personal growth and ensure that their experience as a 'Cane is rewarding, supportive, and safe.

As one of the leading teaching and research institutions in the world, the University of Miami offers an environment that is stimulating and challenging. We encourage students to aim for scholarly achievements, strive for mutual respect and appreciation for others, and serve their community meaningfully. This takes on a more urgent dimension as communities grapple with a pandemic, its economic impact, and renewed calls for social justice.

Our student body is vibrant and diverse, representing every state in the nation and many countries and nationalities around the globe. Our surroundings are distinguished by the natural beauty and cultural vitality of South Florida. The campus experience for this year's entering class will be impacted by the historic times in which we are living, offering the opportunity to learn the soft skills of adaptability, listening, innovation, and collaboration in new and memorable ways.

As we approach our centennial in 2025, we are building on the proud traditions of academic excellence, relevant service, exemplary engagement, and hemispheric and global reach that are the continued aspirations of the University of Miami. You have entrusted your loved one to us, and we want you to know that we are committed to helping each of our students succeed.

Along with my wife, Dr. Felicia Knaul, I look forward to getting to know you and your family.

With my best wishes,

Dr. Julio Frenk President

Welcome! It is wonderful to have you as part of our Miami Hurricane family. We are looking forward to all the success this new academic year will bring.

Immersion in campus activities in and outside of the classroom has been proven time and time again to help students achieve success throughout their college experience. Academic advisors, peer mentors, staff, and more are here for guidance and support to help students achieve their goals. We collectively encourage students to blend their academic pursuits and personal interests as they build connections to prepare for life beyond college.

Our staff work with both our commuter and residential students to build community and help students find their place at the U. You can help by encouraging your student to get involved in something they are interested in through our student organizations, sports clubs, days of service, mentorship programs, or an on-campus job.

Our 'Canes Care for 'Canes philosophy is a commitment to a caring and inclusive community and well-being of your student. The support for this comes in a wide range of programs and services available to all students.

This Family Resource Guide is intentionally designed to help you support your student. We invite you to join our mission to transform lives by encouraging your student to take advantage of all that the university has to offer.

Please do not hesitate to contact us if you have any questions or concerns. You can reach Dean Stampino for academic concerns at 305-284-2006 or Dr. Whitely for student affairs concerns at 305-284-4922.
